

**LAST WEEK**

The program scheduled for May 24 did not materialize; however, several Kiwanians participated with brief announcements during the time period.

Wayne Kohout discussed the need to check donations, i.e. the groups who appeal for them. He suggested using "Charity Navigator". He said that Hospice is expanding its care giving.

At least two Kiwanians mentioned employment possibilities. Sam Cross told of auditors needed for the Comptroller's Office. Dianah Ascencio said that TxDOT has had employment opportunities.

Sam Cross took the opportunity to tell about the Alstrom Angels BEEPball Tournament to be held July 14-15 at the Lubbock Youth Sports Complex. This activity is designed for vision impaired players, but open to everyone.

He mentioned getting a BEEPball team arranged for the tournament, and on Monday during flag work commented that a team had been formed. More information will be coming.

Christy Martinez-Garcia talked briefly about the Lubbock Latino Magazine and opportunities for advertising and reaching an audience.

*(The above accounting may not be complete but is indicative of how the program time was used for a variety of topics!)*

There was good attendance and lively participation.

JOHN PAUL BATRICE'S

☺ **BITS & PIECES**

A policeman stopped Paul Rostad, who was driving erratically, and said "I need you to blow into this breathalyzer." "Sorry Officer," whined Paul. "I am asthmatic and I will have an asthma attack." "Then come to the police station for a blood sample," the officer said. "I can't," whimpered Paul. "I am hemophilic and could bleed to death." "All right," said the aggravated policeman, "I need you to step out of the car and walk along this white line." "Oh, I can't do that," asserted Paul. "Why not?" "Because I am drunk," said Paul.

**More Headlines (with comments):**

- Typhoon rips through cemetery; hundreds dead (duh)
- Hospitals are sued by 7 foot doctors (boy, are they tall!)
- Local high school dropouts cut in half (chain saw massacre all over again)
- Red tape holds up new bridges (you mean there is something stronger than duct tape?)

**Before you know it, June 9 will be here** and the club picnic will start at 5 p.m. Check with Cindy Ham for any needed information and if your name is on the list of persons who plan to attend.

**If you are on a flag committee,** remember that Flag Day will be very soon, June 14. This is not a holiday and some people might have difficulty helping, including the use of trucks. If you are not regularly part of a flag committee, please consider helping this Flag Day.

**A regular meeting** with a program is planned for June 14, in addition to the flag distribution.

**Flag work** last Monday went well overall. Temperatures were pleasant in the morning and as expected, on the hot side in the afternoon.
